JOINING THE SYSTEM OF COLLECTION, TRANSPORT, RECOVERY OR SAFE DISPOSAL OF COMPOSITE PACKAGING WASTE
AND HAZARDOUS MATERIAL PACKAGING WASTE, AS WELL AS FULFILLING AS PART OF THE POLISH CHAMBER OF
COMMERCE AGREEMENT THE REQUIREMENTS REGARDING WASTE RECOVERY AND RECYCLING IN 2015**

Dear Sir or Madam,

In 2015 the Polish Chamber of Commerce (KIG) celebrates its 25th anniversary. As the biggest national business organisation, it supports enterprises from various sectors of the economy.

In 2014 KIG became involved in setting up a system for composite packaging waste management and hazardous material packaging waste management as part of agreements signed with the Marshal of the Masovian Voivodeship pursuant to Art. 25 of the Packaging Management and Packaging Waste Management Act of 13th June 2013. In the first year hundreds of enterprises joined the the Polish Chamber of Commerce's system. In 2014 KIG fulfilled its duties towards all the Enterprises in accordance with all binding legal provisions.

We would like to invite you to join the system of recovery and recycling set up by KIG for the above-mentioned packaging.

As part of our collaboration agreement we offer:

- participation in an efficient, safe and responsible system to meet all legal obligations of the recovery and recycling of the above-mentioned packaging,
- our team of experts support for your Company, including but not limited to training, conferences, seminars and access to up-to-date sectoral know-how,
- legal and sectoral support with regard to waste management,
- drawing up of OŚ-OP1 reports for enterprises for no additional fees,
- the possibility to influence future legal provisions and improve the functioning of the recovery and recycling system.

The main areas covered by our System to protect the interests of Enterprises Placing Packaged Products on the Market are as follows:

- The Enterprises incur only the real and justified costs of waste collection, treatment and management.
- All fees are openly calculated and set for the entire year.
- Each enterprise is treated in the same way irrespective of the amount of packaging placed on the market.
- The Programming Board, in which enterprises placing packaged products on the market are represented, shall supervise the way KIG carries out the agreements with enterprises.
- The Audit Committee of the Polish Chamber of Commerce and the statutory auditor shall provide additional control of the proper running of the system.

The cost of the Polish Chamber of Commerce's annual services for enterprises placing packaged products on the market in 2015 is based on market prices for recovery and recycling as well as on the cost of maintaining and developing the system. Joining the Polish Chamber of Commerce's System does not oblige you to incur any additional costs or acquire extra obligations relating to membership of the Polish Chamber of Commerce.
